Some principles/ notes for above Sanskrit Language Lab curriculum

- 1 The above curriculum is suggestive and can be modified as per the learning capability of the child
- 2 Any lesson / topic should be repeated for 3-4 or more weeks and revised for 1-2 weeks
- 3 In case we start this later than the above suggested age, the previous lessons can be completed with appropriate planning
- 4 The content sheet can be used to see the entire content of this tool in one place
- 5 Please take a print out of the tracker manual and check your progress in the same
- 6 Please refer the e-manual, read me files and 'About us' in the web-page section to know more about using this product and for initial problem-solving
