Namaste Priya-Samskrita-Bandho,

Our grandma used to tell stories from Sanskrit texts. The Bhajans recited by our aunt used to always calm us and give peace. Shlokas recited by our Amma gave some unknown bliss. Closing our eyes and listening to them, even today, gives a feeling of lying on her lap. Our Sanskrit class Guruji's concepts and games helped understand many interesting things about life. Do we miss them now?

Someone said, 'That is Knowledge, which gives us humility || या विनयं ददाति, सा एव विद्या || and which liberates us || सा विद्या या विमुक्तये || Samskrita-vidya is the only knowledge which fulfills both conditions. Other degrees give us ego and bondage.

Thanks a billion for taking this Sanskrit e-learning treasure and starting your most amazing journey of experiencing Sanskrit-360.
